

Alberta Vehicle Extrication Association
and
LEDUC COUNTY FIRE SERVICES
co-hosting the
2017
ALBERTA
“BIG RIG”
H.O.T. SYMPOSIUM

June 22, 23, 24, 2017

EVENT SUMMARY

The Alberta Vehicle Extrication Association (AVEA) is pleased to announce that Leduc County Fire Services will be co-hosting the 2017 Alberta Big Rig H.O.T. Symposium, June 22, 23, 24, 2017

The Alberta Vehicle Extrication Association (AVEA) is a Not for Profit functioning organization that is committed to contributing to the reduction of injury and deaths of all Albertans involved in transportation emergencies; and to enhance the health and safety of all of our emergency responders and to assist all of our members in achieving those commitments within their local communities.

This learning symposium will provide an opportunity for firefighters from all over Western Canada to take part in and witness extremely complicated large vehicle extrications. Participants of this symposium will have the opportunity to be involved in four workshops that demonstrate "Under-runs", "Rollovers" and "Complicated Stabilization & Extrication Techniques". Many emergency departments, as a result of the Big Rig H.O.T. course, will benefit from the new techniques learned and tools used to improve their rescue skills and pre-hospital care management.

We need your support in many areas. This symposium deals with heavy vehicle rescue. Specialized equipment such as yours could be called upon to assist us in our rescue operations. Working together provides commuters within our communities a safer environment, exercising a common goal of advance heavy rescue operations.
